No. 34

Subject: Listing of Food Production Orders through July 8, 1943, including all amendments, directives and other documents affecting each order with a citation of the date and page on which it appeared in the Federal Register. FPO 3, revised May 6, includes all previous changes.

Distribution: State War Board members, information workers.

Suggested Use: Reference for background on food production orders.

There is attached for your convenience a list of Food Production Orders that were issued through July 8, 1943. The list includes all Amendments, Directives, and other documents affecting each order, and a citation of the date and page on which it appeared in the Federal Register. However, no reference has been made to the original Food Production Order 3, its Amendments, Announcements, or Supplementary Orders, since this order was revised on May 6, 1943, and now includes all previous changes.
